

BOOKING APPOINTMENTS SHOULD BE **CONVENIENT**

**Make Things Easier for Your
Patients and Your Staff**

Introducing: **Appointment Booking System (ABS)**

Empower your patients to book appointments online, and keep your front desk from becoming overwhelmed with scheduling tasks.

**68% of your patients will choose a provider who lets them
book appointments online.***

Having an online appointment reservation system can **improve your customer service and patient retention**, making your practice even more profitable.

ABS Can Transform Your Practice

A More Efficient Booking Process

Accept Reservations 24/7

Integration With Your Website and EHR

Reduced No-Show Rates

Increase Patient Engagement

Improved Data Analysis

Stay Ahead of the Competition

**Make Appointment Booking More Convenient and
Secure For You and Your Patients**
